Vol. I: Architecture & Vol. II: Excavation Contexts and Finds

Edited by Rune Frederiksen and Olympia Vikatou

13.05.2024 - 19:00 @The Danish Institute at Athens

In honor of Dr. Rune Frederiksen, the Danish Institute at Athens proudly presents the publication:

The Ancient Theatre at Kalydon in Aitolia vol. I and vol. II.

About the book: The theatre at Kalydon in Aitolia – known only since a few decades – has already attracted a lot of attention due to its square orchestra and rectilinear benches for seating. The Danish-Greek collaborative project responsible for investigating the theatre presents in this two-volume publication results of the excavation and documentation, including all finds such as tile, pottery, metals and coins, made during the excavations. The traditional analysis of the building is supplemented by archaeoacoustic analysis comparing acoustic advantages and disadvantages between the square and semicircular design.

Presentations by:

Dr. Olympia Vikatou: *Το χρονικό της ανασκαφής της αρχαίας Καλυδώνας: από τις πρώτες έρευνες έως σήμερα και οι νέες προοπτικές της αρχαιολογικής έρευνας*

Dr. Søren Handberg: *The publication of the archaeological investigations of the Ancient Theatre at Kalydon in Aitolia.*

Dr. Alexander Sokolicek: *Squaring the Circle: Linear and Round forms of Early Greek Theatra.*
